Dear Representative:

On behalf of the more than one million active and retired members of the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America (UAW), I am writing to urge you to cosponsor the Susan Muffley Act (H.R. 6929). This critical bipartisan, bicameral legislation would restore retirement benefits to over 20,000 Delphi salaried workers.

Delphi, a former subsidiary of GM, filed for bankruptcy in 2005. Sadly, Delphi salaried workers lost the full value of their retirement benefits when the Pension Benefit Guaranty Corporation (PBGC) terminated their pensions. The PBGC assumed responsibility for the terminated benefits but could not pay an individual more than a statutory maximum benefit. Therefore, salaried retirees suffered significant losses to their earned benefits, with some losing as much as 70% of their benefits.

Fortunately, H.R. 6929 would make these hardworking retirees whole. Under this legislation, the PBGC would pay the difference between the pension benefits earned by Delphi salaried retirees and what they received following the GM bankruptcy in 2009.

We strongly urge you to co-sponsor and support H.R. 6929.

Sincerely,

Ray Curry
President
International Union, UAW
