Dear Tom,

Thank you for contacting me about the status of Delphi pensions for salaried retirees. I have heard so many stories about how difficult it is to be faced with losing benefits and share your concerns about this situation. I am writing to update you on my efforts on your behalf.

As you may know, this past summer I sent a letter and personally raised this issue with the Director of Recovery for Auto Workers and Community, Dr. Ed Montgomery, explaining the extreme hardship this is creating. The Senate Health, Education, Labor and Pensions Committee held a hearing on this issue. In addition, at my request, the Senate Finance

Committee met with representatives from the Delphi Salaried Retirees Association to discuss this situation.

The most recent action I have taken is to write to both Delphi and General Motors asking the two companies to sit down with retirees to discuss a fair solution. I also sent a letter to the administration indicating my hope that all stakeholders can come together to reach an equitable decision.

I am sorry to hear about the difficulties you are facing. I will continue to monitor this situation closely and advocate on your behalf.

Sincerely,

Debbie Stabenow
